

Instilling a Love For Learning

Through Conscious Parenting Workshop

It takes more than a good school to educate a child. Parents have the privilege and responsibility to share the world with their children. Challenges often come up when we have expectations of how we think we should give to our children versus what we want from our children. This creative and compassionate workshop will help you define & acquire practical & sound techniques when it comes to empowering your children in school, all done in a very nonjudgmental atmosphere.

Emphasis on:

- *Grades-To Bribe or Not To Bribe*
- *Understanding Your Child's Personality & Not Smothering*
- *Discovering The Authenticity of Your Child*
- *Unleashing Conflict Resolution Via Cooperation & Negotiation*
- *The Art of Listening*
- *Parent-Teacher Involvement*
- *Advocacy versus Criticism*

This is for all parents who want to maximize their child's excellence by boosting reward and recognition though conscious parenting.
